NEW YEAR, NEW YOU

By **SCOTT CARD** and the students of **4C**

MONTBELIARD - Happy New Year! At the beginning of every year, many people like to make a New Year's Resolution. A resolution is something you would really like to do, and the new year is a great time to try and change yourself! I interviewed the students of 4C to see what their resolutions were for this year.

Most of the students had resolutions about school. All students said that they wanted to get good marks this year. Maïda said she wants be to more active in class, and Gauvain said he would like to do his homework every day. Some students talked about what they would like to do at home. Dominique said he didn't want to watch too much TV, and Khayra said she would like to be more helpful in her house. Some students had even bigger resolutions; Romain said that he won't give up!

TRAGEDY IN PARIS

Satirical Newspaper Attacked

By **SCOTT CARD**

PARIS - On Wednesday, January 7th, there was an attack in Paris. A small group of people came to the offices of Charlie Hebdo, a newspaper company in Paris, and attacked them with guns. Twelve people died, and eleven more were injured.

This attack is very sad because this newspaper published cartoons and articles that many people did not like. In fact, their office was set on fire in 2011, and they had to find a new office. People who are religious extremists decided to hurt and kill the Charlie Hebdo staff in order to scare others and stop them from making more cartoons like this.

When someone says something you do not agree with, you may disagree, but violence is never the answer. There is an important lesson that everyone can learn from this tragic and terrible attack.
